4.1.1 The Institution Department has adequate infrastructure and physical facilities for teaching-learning viz, classrooms, laboratories, computing equipment etc. Describe the adequacy of infrastructure and physical facilities for teaching-learning as per the minimum specified requirement by statutory bodies within a maximum 500 words.

CMS College of Engineering is having 15.79 acre campus with built up area of 29400 Sq.m is a vibrant institute of higher education with excellent infrastructure. The institute since its inception in 2007 has compromised with infrastructural facilities physical buildings, machinery, equipment, software, books and other learning resources. The Institute has adequate infrastructure and physical facilities to enable students to innovate, import team spirit and have competence to enable them to face the global challenges and become a contributing member of modern society. The college strongly believes that the right and adequate infrastructural facilities will provide ample of opportunities for both the faculty and student's academic development and growths. Thus main focus was on creating such a learning environment that would enable the students to transform into capable, confident and responsible engineering graduates the country is looking for.

The available facilities are adequate prescribed by the AICTE and Anna University. As the institution is affiliated to Anna University, all the courses and academic programs are designed by Anna University. The requirements of various industries, current developments in the fields of science, engineering and technology and the specific needs of the society, decide new courses to be included in the curriculum. There is also a provision in curriculum to offer specialized elective course.

All laboratories are fully equipped with the latest equipment. The computing facility consists of all necessary software (system software and applications software). The computing facilities of the college cater to the needs of faculty and students to foster an effective Teaching Learning Process. A health computing ratio of 1.10:1 computers to student against the prescribed ratio of 1.10:1 is being maintained. The main library with an area of 400 Sq.m with a seating

capacity of 100 is available. The digital library is equipped with personal computers which are connected with Wi-Fi and LAN for fast and seamless access of the Internet for streaming NPTEL lectures and using e-Resources for the benefit of its users.

ACADEMIC FACILITIES & TEACHING LEARNING FACILITIES

ROOM	DESCRIPTION	COUNT
Classrooms	Ventilated, spacious classrooms with green color chalk boards and LCD projectors	24
Laboratories	Well equipped with multiple sets of Apparatus and Instruments.	54
Seminar Hall	Seating capacity of 200 & above with LCD projector.	1
Auditorium	Auditorium with seating capacity of 1000 is available	1
Campus Main Library	Equipped with digital library facility	1

ADDITIONAL INFRASTRUCTURE

Sl.No.	DESCRIPTION	COUNT
1	Power	Generator is available with a capacity of 125 KVA
2	Networking	Entire campus is networked with 24-hour Internet connectivity with a band width of 150 Mbps and built with Wi-Fi internet connectivity over the entire campus including hostels.
3	Transport	05 Buses are available for students and staffs to daily commute from various places to the college campus and back.
5	Community Service	National Service Scheme (NSS) has been functioning in our college campus, organizing blood donation camps, free eye camps, General medical camp, Village Cleaning Programmes and other social awareness programmes.
6	RO plant and Drinking Water facilities	Water points are available at appropriate places in and around the campus to quench the thirst of the students. Water is purified using the Reverse Osmosis method, and supplied hygienically. This in turn, will protect the students from health hazards and help them to lead a healthy life
7	Canteen	The canteen adheres to quality, hygiene and provides the students with tasty food at affordable rates. The clean atmosphere in the canteen has transformed it to one of the most popular places for the students. It functions from 8.30 am to 5.00 pm.
8	ATM Service	ATM facility is available in our college campus for 24 hours

Sports play a pivotal role in shaping one's personality and maintaining good health. CMS College of Engineering, Namakkal has specially developed a sports environment that matches international standards and gives a truly global experience to all our students. PSNACET is equipped with multiple sports facilities to keep our students engaged with better physical fitness and to provide training for participating in various sports and games at the national and international level. The college has ground facilities for playing Ball Badminton, Badminton, Cricket, Football, Kabaddi, Volleyball, Handball and Kho-Kho besides track and field facilities for Running and Long jump, Triple jump, High jump and Pole vault. Facilities are also available for Javelin, Shot Put and Discuss throws. The campus has facilities for indoor games like Carrom, Chess and Table Tennis.

To ensure a sound body and mind, special attention is given to student's health and fitness. A modern gym, with all the latest equipments have been set up in both gents and ladies hostel. Regular physical activities can help to prevent or manage a wide range of health problems and concerns.

In addition to sports and Gym facilities, a Yoga center has been provided in our college to inculcate the practice of doing yoga. Yoga, an ancient but perfect science, deals with the evolution of humanity through posture based physical fitness. This evolution includes all aspects of one's being, from bodily health to self-realization. It enlightens the one who practices it on a regular basis.

To foster students' participation in extracurricular activities, CMSCE has been established to identify and nurture their untapped talents across various domains. Students are motivated to engage in a wide range of competitions throughout the year, including drawing, rangoli, Pongal
